

CORPORATE TEAM BUILDING

Rockface offers Corporate Team Building programs across a broad spectrum of businesses. No one particular business or industry gains more or less than the other; it is all about team building and people. Rock climbing is an exciting, challenging and physical sport that is usually a first time experience for most corporate team members. This ultimately makes for a unique experience for all involved!

Rockface welcomes all organisations, however small or large, to book a Corporate Team Building event. Our aim is to ensure your event is successful by creating an atmosphere of trust between your team members, coach them to succeed, and provide them an opportunity to excel at something they may have thought not possible.

Corporate Team Building Details

Investment

- \$35.00/person (includes entry, harness, climbing shoes and chalk bag)
- \$140.00 for a Program Facilitator assigned to the group to coach team members, answer any queries that may arise, and ensure safety requirements are being adhered to.

Program Details

- Standard program: 2 hours
- A Program Facilitator assigned to the team
- Initial 15 minutes the Facilitator will:
 - Provide an overview of the event to all team members;
 - Break the team members up into small groups;
 - Provide a safety and climbing demonstration that reviews how to belay your team members;
 - Review overall safety issues associated with the facility.

Aim of the program:

- To ensure all team members/groups/teams work together;
- Coloured tags are provided to each team with the aim of at least one team member completing the route to place the tag at the top.
- There are more than 20 routes associated with the event. The target is for each team to successfully climb all routes and place their coloured tags at the top.
- Each team will be provided a team colour
- All teams will have 1:45 to complete the program.
- Each route has a question/answer associated with it. If a team is successful in placing their coloured tag at the top of the route they are provided the question.
- The team with the highest number of correct answers is declared the winner; however, Rockface focuses on ensuring that all attendees consider themselves winners. NOTE: questions are developed in-house; however, please speak with Rockface management if you prefer to arrange for your own questions/answers to be utilised.
- It is important to note that the team with the most questions (i.e. highest number of successful climbs) may not be the winner as they must answer the questions correctly.

**Teamwork is the
ability to work
together toward
a common vision.
The ability to
direct individual
accomplishments
toward organizational
objectives.
It is the fuel
that allows common
people to attain
uncommon results.**

Andrew Carnegie

Rockface has soft drinks, water, and small snacks available to attendees if you choose to include this as part of your event, ensuring team members remain hydrated throughout the program. We can ensure appropriate arrangements are made to monitor usage and provide you details accordingly at the end of the day to include in your payment. For those groups who choose to enjoy some food afterwards, we are happy to arrange for pizza delivery or sandwiches/rolls from our local continental deli on your behalf.

Rockface has had many corporate groups enjoy this program over the years. Each left with great stories to tell, and in many cases individuals left with the feeling of personal success and achievement. Our website details some of the feedback and photos of our corporate teams who have attended, so please visit www.rockface.com.au to view these.

The above program has proven successful over the years, however, if you would like to make alterations to the program to better suit your needs, we would be happy to discuss this in further detail.

We look forward to welcoming your organization and your team members to a day of fun, challenge and team building!
